

## LOCAL INTELLIGENCE.

**ADMINISTRATOR'S SALE.**—Today, at ten o'clock, there will be offered for sale, in front of the Coppy House, in Prescott, some first-class mining property, belonging to the estate of C. E. Bock, deceased. Those wishing to purchase feet in rich ledge cannot find a better chance.

**THANKS**, to Ralble & Scheerer, of the Pacific Brewery, Montezuma street, for their present of a keg-full of No. 1 Lager Beer, made out of Arizona-raised barley.

**CHARLEY BEACH'S** train is the only citizen train that has been seen in our streets for a long time. Charley makes regular trips to Lincoln and back every week, with lumber for Uncle Samuel. We may look for a plethora of wagons from La Paz in a few days.

**W. K. FERRIS**, of Wickenburg, is going to California on business. He will return in about two months.

**THRILLING SCENE IN THE FARMER'S MEETING.**—Members threaten the "Miner" with extinction—A Vote of Censure asked for.—Glory Hallelujah! we still live, notwithstanding the kindly wishes of Governor McCormick, his organ, the *Arizona*, and one or two members of the Prescott Farmer's Association from the rural districts. Praise be to Allah and our friends for protecting us from having our light snuffed out by a "vote of censure!" Glory to God, in the highest. Carpenters gnash their teeth at us, because they have been trying to bite the letters off our types, but our goose-quill still lets down, our presses have not become incriminated and, strange to say, we are nothing daunted at the lowering clouds of wrath that enfold our untried manager. The lion roareth, and the whang-doodle mourneth; the zebra has brayed; the Ku-Klux Klan have rattled the dried brains of Ethiopia in a thousand shining skulls; Brownlow's big snake has hissed, and a hoarse, harsh voice from the rocks, has been raised against us, but we are still able to eat our regular allowance and spell Yreka, with a b, backwards. In explanation of the above outburst of forced thanksgiving we will state, as near as possible, the cause of our "spread." It is as follows: While the Farmer's Convention was in session at this place, a member suggested the propriety of raising a little money "on the spot" to pay a small bill due the *Miner* for printing. No sooner had he shot his mouth off than several members jumped to their feet, with nostrils distended, eyes glaring like fiery comets and indignation spread over their countenances, and in thunder tones that would pierce a rotten pumpkin or make a dint in a brass kettle, "let into us" he dared to ask one cent for time, labor, paper and ink. Two gentlemen, whom we have trusted in our paper, said that work done by us should be done under the head of "local items" and "free free." Do posters and advertisements come under the head of local items? Reckon not. According to our gentleman's view of the case, we should work for the organization for nothing, as the organization was composed of the bone and sinews of the country. Well, we are a "bone and sinew," too, and he should have thought about that when a couple of hours previous, he charged our partner four dollars and fifty cents (\$4.50) currency for 6 lbs of tomatoes and three small muskmelons, when our partner informs us, the gentleman in question, owes him considerable of a sum for provisions furnished him over a year ago. Now, we are glad to know that the gentleman who should have been our friend but who needed us because he *heard* we had a little bill against the Association, was excited, or, probably in love, when he hurled his thunderbolts at us, and that his ideas were not backed up by a majority of the members. We really cannot believe he meant what he said, but for fear he might have meant it, we wish to inform him and everybody else that we print posters and advertisements for no man or set of men for nothing, unless he or they are too poor to pay for them. The fact that nearly every farmer in the county pays us seven dollars a year for fifty-two numbers, the *Miner*, as asserted by him, don't help the case, such. We give them the worth of their money, as nearly all of them admit, and think we do enough for the society when we print proceedings of their meetings, communications and editorial items intended for their welfare, for nothing; that, too, when some of them pay a year's subscription with a few muskmelons and a couple of dozen tomatoes.

**MEETING OF FARMERS—WHAT THEY DID.**—In another column will be found the proceedings of a Farmer's meeting held in this place on the first instant. We were not present, but are informed that a good many farmers of this vicinity attended and took part in the proceedings. We think the meeting acted wisely in directing the county, or, at least, the northern part of it, and allowing each district to select and elect a delegate, (with full powers to represent his district) to a Convention to be held in Prescott on the 14th, inst. Let each district elect some worthy, intelligent farmer, to represent it in the convention, and we have no fear that the society will accomplish its worthy object. A few can agree better than many.

**HONOR TO WHOM HONOR IS DUE.**—By a note from Sergeant S. B. Bradbury, Co. L, 8th Cavalry, we learn that we committed an error, last week, in crediting Co. R, 8th Cavalry, with killing some Indians, etc. The Sergeant says: "Said Indians were killed and the horses and mules captured by a squad of Co. L, 8th Cav., under command of Lieutenant Curtiss, the whole numbering thirteen men." We willingly make the correction, and beg to assure the Sergeant and his dashing company, that we were not to blame in the matter. We got our information from a member of B company, and the rascal played us.

**FALL OF A NEW BUILDING.**—During the storm of Sunday last, as luck, of some sort, would have it, a squall of wind struck the new two-story frame building being erected on Montezuma street, by Noyes & Curtiss, and tumbled the huge pile. The north side of the roof had been shingled, and it seems that the wind, which came from the north-west, raised the half-roof—shook the sides, and finally caused the whole fabric to tumble to the ground. The west wall stood up for nearly a minute after the other portions of the building were wrecked. It then tottered and fell. Everybody felt sorry for the enterprising builders, but that did them no good. Early next morning a large force of carpenters, headed by the indomitable Noyes, assembled, and soon cleared away the

wreck, and at this writing, the building is as far advanced as when it met its downfall. Considerable lumber was damaged, and the whole loss is probably a thousand dollars.

**ROADS.**—The citizens of Walnut Grove, are anxious to have a wagon road to Prescott, and we hope our citizens will assist them in constructing it. L. R. Stephenson called upon us the other day, and informed us that a good wagon road can be made via Board camp, Quartz Mountain and Miller's ranch, to this place, with very little labor. A short time ago, A. C. Swain, Jake O'Brien, W. J. Collier, C. Washburn, L. R. Stephenson and two other men went out to find a road to Pine Flat. Mr. Swain informs us, by letter, that they found a very good route for a wagon road, and they will make it unless the citizens of Prescott help them to build a road to our timber and town, as the distance to Pine Flat is shorter. Our merchants should do something to keep the increasing trade of the Grove, else it may be diverted to some other point. As matters now stand it takes a farmer a full week to make a trip to this town and back, with a wagon, when if a road was cut direct over the range, the round trip could be made in three days. Let us have a road to this large and thriving settlement.

**R. P. D. BROOKS**, who came here from Walnut Grove, quite sick, is recovering. His brother, T. W. went down to the Grove last week, and brought him up.

**CHAPLAIN BLAKE**, preached to a large audience in the Court House, Sunday last. He will leave soon for his post of duty, Camp McDowell. Since his arrival here he has vaccinated some of our citizens.

**L. Q. DICKSON** brought a lot of barley from his ranch, to town last week, and sold it for 9 cts per lb.

**FROM WICKENBURG.**—Under date of Wickenburg, August 31st, our correspondent furnishes us with the following:

"Yesterday, the Indians attacked two teams belonging to F. M. Chapman, while they were coming from the mine, killed one of the drivers, Oscar Kelly, and took all the mules, (twenty in number). We want and must have some help from Government. The mail stage coming from Tucson, was attacked by Indians on the 25th inst., nine miles this side of Tucson, they shot one man named Ad. Linn, in the back; it was supposed he would die. P. O'Neill died last Sunday night, of Epilepsy. His funeral took place on Friday, and was well attended. Wm. J. Berry read the funeral service. J. W. Swilling came here from Phoenix with some other gentlemen. He says everything looks well on Salt River. Maj. Montgomery has rented the Arizona Hotel, and intends to make it a first class house. Our principal merchant, A. Barnett, received a very large assortment of all kinds of goods, and sells cheaper than our goods were sold in this part of the Territory."

**WEATHER, ETC.**—Early Sunday morning last, the bright face of old Sol might have been seen as he slowly raised himself out of the Chop-stick Empire to take a peep at his white and "colored" children on the then upper crust of Mammy Earth. We gazed at the old fellow, saw that his countenance was not "altogether lovely," and felt like telling the man at the wheel to look out for squalls. Well, the day wore on, we put on every stitch of our best canvas, crossed the creek, ate the only watermelon in E. J. Cook's garden, prepared to return home and read the *Examiner*, *Alta*, *Bulletin*, *Sacramento Union*, etc., and go to church, when the thunder pealed and the rain descended in large drops. The programme was soon changed, and we witnessed, free of cost, one of the prettiest, briskest hail storms we have seen in many a day. The creek rose, and as we were "over on the other shore" and could not cross, we missed hearing Chaplain Blake's sermon, and one or two other good things.

**FARMER'S MEETING.**—At a meeting of farmers, held in the Court House, in Prescott, Sept. 1st, 1898, it was moved and carried, that, on account of the non-compliance of a number of the farmers to sign the agreement entered into at their last meeting, said agreement be made null and void. Feeling that it was necessary to take some action in order to protect themselves, it was moved and carried, that the county be laid off into farming districts, each district to send one delegate to a convention to be held in Prescott, September 14, at 2 o'clock, p.m. Said delegates to have full power to act for the farmers of their districts. Delegates from the different districts are expected to be informed in regard to the amount of corn and other grain that may be in their districts. It is hoped that prompt action will be taken in this matter by those having grain to sell, as without action they will surely suffer. The districts are as follows: 1st, Lower Granite Creek; 2d, Upper Granite and Willow Creeks; 3d, Prescott, including Miller's and Lee's ranches; 4th, Chino Valley; 5th, Skull and Kirkland Valleys; 6th, Agua Fria and vicinity; 7th, Walnut Grove. C. E. BLAKE, Sec. pro tem.

**GENERAL THOMAS C. DEVIN**, who has been in command of the Sub-District of Prescott for nearly a year past, left this place on the morning of the 29th ult., for Tucson. As soon as the General arrives at headquarters he will assume command of the District of Arizona, relieving General Crittenden, who has been ordered to report at San Francisco. During General Devin's stay in Prescott, he won the esteem of our citizens, and the love of his soldiers, by his plain, gentlemanly manners, and his earnest desire and labors to put an end to Indian troubles.

**GET VACCINATED.**—We advise our citizens, young and old, to get vaccinated, not that we think the small-pox will come this way, but for fear it might, it is well enough to be prepared to meet it. The nasty and dangerous disease is spreading over California, and we see that several cases of it are reported in Southern New Mexico.

**THE CROPS.**—From all sections of the Territory comes the cheering news that the growing crops never looked better than at present.

**MAJOR CLENDENIN** has assumed command of the Sub-District of Prescott, headquarters at Fort Whipple. The Major is well known to our citizens. He has the reputation of being an industrious Indian hunter, and we hope he will give the reds justice, now that he is in a position to do so.

**GOVERNMENT** teams are still engaged in hauling shingles from Noyes & Curtiss' saw-mill to Fort Whipple.

**SOCIETIES IN PRESCOTT.**—A lodge of Free and Accepted Masons, numbering about sixty members, is among the oldest institutions in Prescott, and we are pleased to know that the lodge is in a flourishing condition.

Recently, an Odd Fellow lodge was instituted here, and our citizens are joining themselves to the order as fast as the old members can initiate them.

We have, also, a Sunday school, taught by Mrs. Turner, Mrs. Bashford and several others, and we venture to assert that a more intelligent, manly, studious lot of children than the scholars who attend this school, can nowhere be found. Our citizens attend church every Sunday, and although not puritanical, live according to the precepts of the Bible, and mind their own business.

In addition to these institutions we have a dancing society, known as the Elysian Club, a theatrical society, several debating societies, and various other institutions. Pretty good for a "played out mining town" in the pine mountains.

**FROM TURKEY CREEK.**—Messrs. Monihan, Bassham and Miller arrived from Turkey Creek Thursday last, whither they went early in the week. No Indians were seen, and the men at the mill had not seen any for several weeks past.

**JOHN ROBERTS** was in town during the week and spoke highly of Lieutenants Wells and Curtiss, of the 8th Cavalry, for their energy in the late raid made upon a rancheria of Indians near the head of the Santa Maria river. We will give some facts in regard to it next week.

**SAM. BALL** and Ed. Copeland ran about six Indians near Walnut Grove, the other day. The reds had two horses with them, and retreated to a gulch, where they commenced fortifying. As Sam and Ed had a horse loaded with venison along with them, they did not attack them. While retreating to the gulch, Sam fired a shot at them. A few nights ago they tried their best to steal Mr. Cullumber's horses, but the dogs warned the old gentleman of the close proximity of the lizard eaters, and he rescued his animals.

**VIWANUBA & LOPEZ** have, in connection with their bakery on Montezuma street, Prescott, recently started a first class restaurant, where meals can be had at all times. Quite a number of our fashionable beaux sip their chocolate at Antonio's.

Campbell & Buffum's freight train arrived here yesterday afternoon, with goods for their Prescott store.

More trains are camped close to town.

A letter from Wickenburg informs us that Wm. Brown was recently attacked by Indians, near Granite Wash, on the La Paz road. He received some severe wounds.

By military express, just in from Camp Willows, we learn, by letter from A. E. Davis, that but few of the Wallapais met Col. Price at Wallapai Springs, on the 27th ult. Wallapai Charley was present and told the Colonel he was tired of fighting. Schorron was chosen by him but did not show himself. Mr. D. says those who got a glimpse of Charley, as he stood on a rock, within hearing of the troops, say he is a splendid-looking Indian. Col. Young had arrived and taken command of Camp Willows.

The news published by us, from Hardyville, is later than this.

**PIRATES.**—Two hundred citizens of Gloucester, Massachusetts, recently petitioned the owners of a steamer to have Sunday excursion trips discontinued.

**MR. W. M. DENISON**, of this place, informs us that, recently, on the Sonolita, in Pima county, this Territory, Indians stole two mules from Wm. Kirkland, formerly of this place. William pursued the Indians and killed two of them.

The San Bernardino *Guardian* learns that the soldier who killed James Mason, at La Paz, in this Territory, was killed, recently, by a man named Daney a friend of Mason.

## DIED.

At Wickenburg, Yavapai county, Arizona, August 27, 1898, of Epilepsy, P. O'Neill, a native of Ireland, Aged about 45 years.

Deceased was an old Californian, and resided many years in Calaveras county. He came here from Austin, Nevada, in the spring of '96, and shortly after his arrival here, started with and accompanied the White Mountain party on their trip to Eastern Arizona, and back to Prescott. We were one of that party, and regret to have to record the demise of a fellow traveler, whose kind spirit, and generous disposition never failed to cheer his comrades when surrounded by hundreds of hostile Indians, when the storm beat wildly upon them, and when suffering for the necessities of life, far from friends, in the heart of Apacheedom. Farwell, gallant, generous comrade. May the storms of Heaven beat lightly on thy grave, and may thy home beyond the tomb be among the brave, the generous, the good, the noble of Earth's pioneers, for thou wast a life living, truly one of them. No White Mountaineer—no one of that gallant band who so nobly worked together and endured privations innumerable without complaint, can read of thy untimely death without shedding tears of sorrow and feeling that—

"When mourning companions grieve,  
We doubly feel ourselves alone."
